

URGENT PRODUCT INFORMATION

L&M (Via Markon) Urgent Recall

Summary L&M (Via Markon) has issued a recall for onions because they might be contaminated with Salmonella. L&M initiated this recall because they didn't receive confirmation from their onion supplier that they were not involved in the Keeler Family Farms recall.

Recall Date 10/23/2021

Company L&M (Via Markon)

Product Onions

Reason Salmonella

Illness Salmonella is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with Salmonella often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with Salmonella can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis.

Instructions Please isolate any affected product (see below table) and destroy it in a secure manner to prevent unauthorized consumption. If you have product stored out of the case and are unsure of the code date please destroy this product also. For credit, contact your sales representative if you receive truck deliveries or contact your local Gordon Food Service Store if you purchase in the store. Please note that proper procedures must be followed and these cases may not be returned to your distributor. If you have further distributed any of these products, then you are responsible to notify all consignees of this recall.

The recall includes only the below items and lot codes that were distributed by Gordon Food Service.

GFS Item #	Vendor Item #	Description	Lot Code	Country of Origin
596973	95525	ONION RED JBO	PUR-00862245	
299235	20600	ONION WHITE JBO	PUR-00864616, PUR-00865451, PUR-00867961	Mexico
