## EXPANSION King's Command Foods Urgent Recall

**Summary** King's Command Foods has expanded a recall for beef fajita strips because of potential contamination with *Listeria monocytogenes*. This recall is a sub recall of the Bruce Pac recall expansion.

**Recall Date** 10/16/2024

**Company** King's Command Foods

**Product** Beef Strips

**Reason** *Listeria monocytogenes*

**Illness** *Listeria monocytogenes* is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain and diarrhea, *Listeria* infection can cause miscarriages and stillbirths among pregnant women.

**Instructions** Please isolate any affected product (see below table) and destroy it in a secure manner to prevent unauthorized consumption. If you have product stored out of the case and are unsure of the code date please destroy this product also. For credit, contact your sales representative or your local Gordon Food Service Store if you purchase in the store. Please note that proper procedures must be followed and these cases may not be returned to your distributor. If you have further distributed any of these products, then you are responsible to notify all consignees of this recall.

The recall includes only the below items and lot codes that were sold by Gordon Food Service.
